LED Under Cabinet

Project _____

Catalog _____

Type _____

Product Description

Light up those dark areas of your counter space with our new, low-heat LED Under cabinet lights. The NICOR LED Under cabinet fixtures provide warm color and cool operating temperatures. Their low, 1" profile keeps the fixture unobtrusive and out of view. Our LED Under cabinets are also ecologically friendly and efficient, providing up to 60,000 hours of lighting that is not only beautiful but inexpensive.

Construction

Low profile aluminum housing, with on/off rocker switch, available in either White, Oil-Rubbed Bronze, Black, or Nickel

Optical System

Even lighting with specially designed diffuser to prevent "hot spots" on counter tops

Electrical

Custom low-profile driver
 Operating temperature rating of 0°F to 120°F (-18°C – 49°C)
 120V line voltage no transformer
 L70 rated for greater than 60,000 hours
 TM-21 Projected L70(10k) life >96,000 hours
 LM-79, LM-80 testing performed in accordance with IESNA standards

Finish

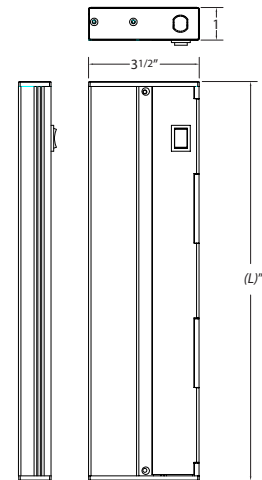

Exterior white powder coat finish, with interior high reflective finish

Installation

Easy surface mount installation

Warranty

5-year limited system warranty standard
